As part of the continuing effort to help grow the partnership between business and education, **The Bucks County Intermediate Unit (BCIU) and The Bucks County Workforce Investment Board (WIB)** is excited to offer a creative educational opportunity to educators in Bucks County.

The Educator In The Workplace Program initiative places educators in a business for a 5 day program designed to foster a better understanding of the needs and expectations of employers in the 21st century. This placement will be arranged based on the schedule of the business and educator during the Summer of 2010. Educators will act as an “Ambassador” for the particular occupation/industry. Educators will have the opportunity to interact with business and industry to gain a comprehensive overview of economic and workforce development within Bucks County. Educators will experience and observe the skills required for workplace success and will learn how to implement work-based learning into their lesson plans. This experience will provide an opportunity for educators to experience all aspects of business & industry, which may include workplace skills, management, safety and ethics.

The educator will receive a \$500.00 stipend and fifty (50) Act 48 hours. Twenty (20) Educators will be chosen.

Please read the attached overview and complete the form below. Please contact JoAnn Perotti at jperotti@bucksiu.org with questions.
